Dear Alicia:

This will be just a short note to acknowledge your March 15 check of $250 (receipt enclosed), and to answer questions in your March and February letters that had to do with campus activities.

Campus poll taxes are used during school elections. A table is set up by the voting booths where literature is available on voting in Mississippi and Alabama, explaining how poll taxes must be paid and asking that a sympathy tax be paid....also you might have a copy of the Alabama registration test there and have the students try their luck at taking it.....

That is about the only question that still seems applicable at this late date...please let me know if there is anything that I can help you with as far as campuses go....

For freedom,

Esther Heifetz
