Daily Reports--October -- Judy Hampton

mednesday, October 7,

At 9:00A.M. a staff meeting in Canton. Worked on library organization and general office work rest of the day. Visit from Billy Noble and friends at night--full report went to Canton and Jackson.

Thursday, October 8

Phil Sharp and I worked on the community center library. It had been messed up by local kids. We first straightened it up, burned trash etc. and set about sorting the books into catagories. Most of the local kids are in the field so it is hard to find help. We hope to have things almost set up so when cotton is in we can get started right away. We hope to make the library a reading room at night and maybe work in tutoring in the church or discussion there also. The MEU people should be able to help.

Friday, October 9

General office work in the morning, planning for MSU meeting sunday, leaflets etc. In the afternoon Phil and I worked on the library again. Boys built tables for the house and we help set it up as Mrs. Devine's campaign headquarters.

Saturday, October 10

Continued to set house up as campaign headquarters for Mrs. Devine. Worked on the community center library in the afternoon.

Sunday, October 11

Cooked breakfast and worked on daily reports. Meeting at 3:00 at Milton Grove with Rev. McRee. This was for purpose of raising money for the two churches that were burned. The re was a MSU meeting afterwards; the turnout was poor and we need to work more on this and means of transportation. We will be distributing leaflet a about opening of community center

Monday, October 12

Spent the morning in the office working on library signs and then went to the library to organize books. there is a great deal to be done there hope to get some local help soon. We are anticipating a community center opening on Halloween afternoon with signing up for classes as well as the party.
