CALLING ALL WOMEN

The CALL for the united service of women of America and the world comes as a challenging clarion sound to all of us who can visualize the great need of human understanding.

Therefore, the National Council of Negro Women as it assembles in its 13th Annual Convention, SUNDAY, MONDAY, TUESDAY AND WEDNESDAY, OCTOBER 10, 11, 12, and 13th, extends a most earnest CALL AND INVITATION to members of the Council, and to all interested women who have the urge for united work.

WE WANT YOU! WE NEED YOU! WE NEED ONE ANOTHER! The profound responsibility of our Council in the problems of human relations and social welfare, is such that significant study and work on our part is necessary to the total development of human resources and world.

We need the inspirational and unifying experiences your presence can give us, your thoughtful evaluation of our programs, locally and nationally, and your tangible contribution to the growth of the National Council of Negro Women.

As a unified body, the Council is a vital force in the life of the women of America and the world. If it is to fulfill its function, we, the women of all races must unite our efforts in order that the Council may ever be a LIVE, STRONG, and integral part of the lives of womanhood everywhere.

UNITY OF PURPOSE AND UNITY OF ACTION must be the key to our thinking.

Strong leadership is needed in this the greatest epoch-making era of our lives-- a leadership undergirded with spiritual and human understanding to provide the tools for rebuilding the lives of men.

WE, THEREFORE, SEND THIS CLARION CALL TO YOU - - - COME!
