Dear Timothy:

This is just a note to say that I have just read the prospectus for the proposed conference for sit-in leaders. This is an excellent idea and I certainly hope that it will materialize. I just received a letter from Ralph Helstein, of the Packinghouse Workers Union, making inquiry of the adviseability of giving financial support to this project. I immediately answered with a strong recommendation urging his support. If I can be of assistance in getting additional funds, please do not hesitate to call on me.

Sincerely yours,

Martin L. King Jr.
