Dear Ronnie:

I have received a copy of the new sets of questions which are to be used by Louisiana registrars. Some of the sets of questions appear to offer a wider range of objective questions than others, therefore, I think it is important that you try to maintain a record of the form number on the question sets administered by the registrar to the applicants with whom you are working. The form number, as you probably know, appears in the upper right hand corner of the cards upon which the questions are printed.

I suggest that all applicants be urged to learn that form number and to report it to you. I hope you will be able to report to us monthly on the number of times each form was administered to the applicants with whom you are working.

Very truly yours,

Jack Minnis
Director of Research
