Note: An attempt was also made on Freeman's life while he
was staying at the home of a local man. Someone shot
through his bedroom window at him while he was asleep
on August 31, 1964 at 1:20 AM. The local F.B.I. and the
local Police informed our office that they had reliable
information that the shot was meant to kill him and not
just to scare him. They advised us to have him either
leave the state or to transfer to another project.
After meeting with the Jackson Staff, it was decided
that he should take a vacation (he is going Sept. 9th.)
for two weeks and then return to Meridian.

HE PLANS TO STAY FOR A YEAR.
