the following was sent to Dr. J. W. Letson, Sup. of B. Of Ed. and Dr. Rufus E. Clement, Neg. Member of B of. Ed.

We protest the suspension of atleast 79 Negro students from Washington high school for demonstrating for their rights, without which they cannot make full use of their education. A school official had said there would be no suspension when in fact, these students were suspended. We urge their / readmittance immediately.
