On the morning of June 12, 1964 at about 12:05 A.M., a bomb was thrown at the home of Mrs. Alberta Robinson at 315 Second Avenue in Canton, Mississippi. The bomb fell about 10 feet away from the house so there was no serious damage done, it left a mark in the ground about 5 inches deep and about 12 inches wide, it had the shape of a salad bowl. The only damages were that some of the window panes were broken on the front and sides of the house.

About 3 minutes later the same incident occurred at the Pleasant Green Church of Christ at 301 Walnut Street. Damages included front glasses broken at the church and a hole was about 20 feet away from the window where the glass was broken.

We the Negro citizens of Canton, Mississippi and Madison County, Mississippi are tired of Police brutality being forced upon the Negro Citizens of this County and we demand that our Federal, State and Local Government that we pay taxes to will give us protection against this brutality such as the bombing, the shooting, the continuance beating and threats to Local Negro Citizens in Madison County. We believe that the officials are well aware of the things that are happening here.
