Office of The CRYER  
429 Yazoo

Dear Friend of Freedom:

The Freedom Movement in Coahoma County, Miss has been greatly encouraged by the interest of people, such as yourself, in every part of the nation. We have sought to keep them informed about our progress and frustrations through our News-Letter — recently re-christened The Coahoma County CRYER.

However, our mailing list has grown steadily larger and consequently more expensive. As we have not heard from many of our readers for some time, we feel that it is necessary now to prune our list back.

We will be pleased to continue sending The CRYER to you without charge if you still want it. Please let us know before April 26.

Yours for FREEDOM NOW
