Dear Norma -

You probably have gotten some of the material I sent by now. More is on the way (it came back to us marked insufficient postage).

As you suggested, we have been working on setting up a "system" for coordinating books, materials, etc. As of now, all such materials should be sent to: Raymond Davis, Rust College, Holly Springs, Mississippi. Two staff members will be up there sorting, distributing and so on. Just forget about those people you've told to send stuff to Jackson (we'll get it up to Holly Springs from here), but tell any new contacts you make to send everything to Holly Springs/

We're broke, exhausted, but I guess we'll make it. Take care of yourself.

Love,

Penny
