Dear Rogre,

Enclosed are the receipts from the sale of the records.
Glad to hear that you can keep selling them altho they
arrived too late. Can't quite figure out what the mix-
up was since we were promised that they would be there
on time by the air express company.

OK, now you know we don't have songbooks so we can't send
them. I'm enclosing the We Shall Overcome buttons and
the ying yang buttons here with a few of the regular hand
buttons.

Now, we don't have any Freedom in the Air records left
so I have returned the receipt to the book keeper and
have asked that she refund the money. Sorry about this
but we just ran out a few weeks ago and won't reorder
the record since it is old (1961) unless we have a bigger
demand.

On songbooks: why don't you write to the LA Friends of
SNCC and the Bay Area Friends of SNCC telling them that
I said to write and asking them if they have any songbooks
left of their supply? That might be a good way to get 10
of them down to San Diego. The addresses are: David Skinner,
East Bay Friends of SNCC, 2405 McGee Street, Berkeley 3,
California and Levi Kingston, 8501 So. San Pedro, Los Angeles
3, Calif (c/o LA Friends of SNCC).

That's about it for now. Glad to hear that you are
working on the May 17th thing. I'll enclose a few more
petitions in case you weren't able to duplicate them up
yourselves.

We'll look forward to hearing from you soon. I'm also
enclosing a recent thing on Mississippi Summer Project
fund raising which I can't remember if I sent you or not.
