

19 June 1964

Dear Norma -

Penny forwarded your letter (she is in Oxford, I am still in Jackson) knowing full well that I am no better equipped to answer your anxious queries than she....They in Oxford seem to imagine that in their absence the Jackson office has become the efficient, smooth-working organization it should be....Ah well.

1. Send things to the following addresses C/O COFO Freedom Summer:

Rust College, Holly Springs, Miss. (Larry Rubin is the person there. Also, but not so much room as in Holly Springs, COFO, 507 Mobile St., Hattiesburg, Miss. Send duplicating machines to Holly Springs, but they'll probably end up in Meridian, Hattiesburg and I don't know where else, but possibly Holly Springs itself. You think YOU'RE messed up on supplies; you saw our setup. But Holly Springs is the best place in general.

2. Carthage - yes. It's all god forsaken out in the country, and the people need their pickup trucks for their farms. Licenses are a good idea, but don't surrender your out of state licenses. A new Miss. license is cheap--\$2.00, but the test is murder. I'll try to send you an advance manual.

We're on our way--hopefully-- to Oxford. Hope this is what you need to know.

Margaret and Lois
