"The Difference Between The Freedom Movement And The Black Muslims"

Still In my opinion of the matter
I fully disagree with the Black Muslims.
Because the Black Muslims believe that
Negroes aren't suppose to mix with the
white people. And they want the United
States to give them a few states so they
can govern themselves. Also they believe
in violence.

Whereas with the Freedom Movement
they believe that the Negroes shouldn't
be separated from the white people. And they
also believe that the Negroes have
as much rights as the white people.
The Freedom Movement believed in
non violence. And in my conclusion
I believe that if God wanted us to be
separated from the white people he
wouldn't have made Negroes.
