Mr. Anzie Moore  
614 Chrismann Ave.  
Cleveland, Mississippi

Dear Mr. Moore:

The Watts Action Committee has been engaged in a food drive for Mississippi, and for the past few weeks has been holding church meetings in support of the Mississippi Summer Project. We have gotten a great deal of support from the congregations of different churches in the Watts area, and have collected between 500 and 700 pounds of canned food plus many boxes of clothing.

Mr. Norman Henderson has informed us that there is much need for these things in your area, and we thought perhaps you could give us the following information. Which organization would be distributing the food and clothing? What civil rights activities, if any, are going on in Cleveland? Has there been any trouble with previous shipments of food or clothing?

Please keep in touch with us regarding any civil rights activities in Mississippi, so that we may relay the conditions there to the people who attend our meetings.

Yours for freedom now,

Mary Anderson, Secretary  
Watts Action Committee
