I have just returned from my second trip to Mississippi since this summer. Among other things we also had opportunity to meet again with Mr. Amzie Moore of Cleveland. Mr. Moore indicated that he had not yet received sample copies of the Bulgur as we had suggested in our letter addressed to you dated August 12th. I thought I should inform you of this so that you could check into this matter.

Mr. Moore and others inform us that they are expecting a rather sizeable relief need in Mississippi this winter. MCC is studying ways in which it can be helpful. Suffice it to say that the situation leaves much to be desired.

Sincerely,

Edgar Stoesz

Blind P.S. to Amzie -- It was most heartening to see how you have moved forward with making a positive contribution to your community. If we can be of assistance, please do not hesitate to get in touch with us. We are hoping to assign a worker to the Delta as soon as he can be found and in the interim we are making further plans for the limited distribution of relief commodities. Best personal wishes.
