John Else

Dear John,

Enclosed is a reply I got to the two letters I wrote ~~inquire~~ for you. What is happening down there? As I recall, we sent two very good people to Gulfport after the Batesville conference. I hope they're working out. What is the news on a cc?

I'm sending a mailing to groups who might adopt a center. I'll send you copies of the material (ask for them when the WATS line calls if you want them), and please send me the names and addresses of people or groups you know who might arrange adoption plans for projects. We already recommended Gulfport to one person who wrote asking about adoption (I forget who—Ellen Maslow wrote the letter.) If you should get a response, I hope, that's what it is. I'll send the mailing to anybody ~~you~~ whose address you send in.

Lois
