Dear Amzie:

Just a note to let you know that things when well, and that Mother and the rest of us are doing well considering. Hope to be back by Thursday or Friday.

Please help hold things together in the mean while.

P.S. Do you remember my telling you about a ladies club here that seems to be willing to help with just about anything? Well, they got the letter I sent them and voted to give us a heater for the center and I am going to talk to them on Tuesday to talk about some of the other things they can do from here. Of course I mentioned to them in the letter that we are trying to build a Community Center and I will try to do what I can to get them to help us raise money for our project. The ladies in my mother club have also said that they want to help and that I should write to them. So I'm still working on it and I think that we might be able to get things done. There are a few more people that I hope to get around to see about money for the center.
