

Mississippi Freedom Project Clothing and Food Drive

Even though the news from Mississippi is off the front pages of the newspapers, the struggle there continues.

The greatest need is for food and clothing in order that the people who are carrying on the struggle may survive the winter. It is also important that the programs which were started last summer, continue.

What can we do to help? We can contribute the following:

1. Useable clothing
2. Canned food and other non-perishable foods
3. Indoor table games for the Community Centers
4. Money to help defray costs of shipping the above items to Mississippi.

The drive will continue until December 1st. We need your help. Your contributions can be left at the home of.

Dear Judy -

This is the work of Mrs. Gloria Patman. She volunteered after hearing you at the St. Marks Church. I'm helping with the mailing.
