

when you go to the Registration Office

I

Take as much identification as possible. You must have at least three pieces of identification, one with your signature and two with your name and address. For example: a driver's license, rent receipts, Public Service bills, Blue Cross card, credit cards, personal or business letters.

II

Figure out how old you are in years, months, and days, by the formula we have shown you. If you have forgotten the formula, call your registration worker or the CORE office and they will help you.

III

The application form must be filled out exactly the same way as the sample forms you have already done. You may be given a form which looks a little different from the sample, but the questions will be the same. (Do not take the sample with you!)

IV

After you have gone to the registrar, please fill out the attached "Voter Registration Report," and return it to us.
