Notes to Friends of SNCC on what is in this envelope:

1. A printed summer incident summary. This is not available in quantity. Please do not request more than 1-2 additional copies. Use it for reference in the office, background information on various projects, etc.
2. A copy of a Zinn reprint from the Nation on the freedom schools. This is also not available in quantity but we can service requests for up to 50 copies.
3. A mimeographed report on the outcome of the FDP challenge on January 4th in Washington. Remember that this was only one aspect of the challenge (deposition taking, provided for under the statutory phase of the challenge is presently under way in Mississippi, for example).
4. Several other items on the FDP challenge plus copies of petitions which are now being circulated nationally. Write the Washington FDP office for information on what you ought to be doing in your community to continually aid the challenge effort.
5. A January incident summary.

I'm still waiting for comments from most of you on the last memo -- plus reports -- mostly financial -- as well as the inventory sheets for sale items. It would help, too, to receive an outline from each group on projected fund raising events since we are very nearly broke and need to know what to expect in the way of funds. Salaries were cut in half this week with little or no prospect of being more than half of what we usually get for the next month or so...
