The Jackson State Office is going to move to another location OUTSIDE OF JACKSON. We are asking that all projects look into the possibilities of finding a 4 - 7 room house in ANY area in Mississippi.

UNTIL we find such a place in Mississippi, consider this office CLOSED. That means -- no project money, no WATS line calls, no forwarding of mail, nothing... Absolutely!!! Now if you're concerned about a centralization of activities you may get busy finding us a place. Now we're willing to work -- but not in this man-made HELL and pit of damnation. I think that if you think its important you'll try very hard to do something . I know we've tried very hard...NOW ITS YOUR TURN.
