Northbrook, Illinois

Dear Lucy,

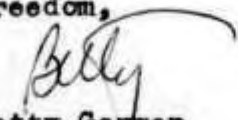

Thanks much for your letter of February 24 which I should have answered long ago but which got placed aside when the Alabama crisis arose.

First, I've kept your name on the Friends of SNCC list mostly for informational purposes, ie. so that you will get the mailings and the information regularly. I in no way intended that you should respond to the things I ask of Friends of SNCC groups which are formally organized, etc. so just disregard those things. I do know that once information is in your hands that it reaches more people and also helps you to reach people on our behalf so I keep sending it. Anyway, I don't expect replies, etc.

Second, I do appreciate the names you sent along and I will forward them with the information you supplied to the staff people in those areas so that they may follow up. Of course, the information you supplied will be kept confidential.

I hope I'll be seeing you again soon. Good luck with the Freedom School workshop at Highlander.

Freedom,

Betty Garman
SNCC staff
