Dear Central Committee Members:

Enclosed you will find some letters written to me by people concerned with the status of some of the projects and offices. I would like for you to read them. I will proceed to deal with both of these situations hoping that I have your sanction to do so.

I would like to inform you that most of my time from now until September 18 will be spent on the Julian Bond election.

We must pull ourselves together now and understand that we are very rapidly becoming the "outlaws." This country will go to any length and extent to maintain racism. We must work had with the present organizational administration to help build the Black Power base in this country.

Yours for black power,

Cleveland Sellers
