The right to dissent is a crucial issue that concerns everyone throughout this country. It is becoming more and more important. WE IN MISSISSIPPI ARE USED TO DISAGREEING WITH THE POWER STRUCTURE WHEN IT IS WRONG; AND WE HAVE SHOWN OUR DISCONTENT BY PROTESTING. WE have demonstrated so that we now have the right to demonstrate, pass out leaflets, register to vote, and vote. We must now get together so that we can protect those rights that we have fought so hard to get. This workshop will bring in a number of people from outside the state. They will talk and explain about the type of repression that exists in their areas and communities.

SEE YOU SUNDAY
