Dear Friends:

For the past two months Representatives of the AFL-CIO Committee on Political Education have been conducting Voter Registration and Education workshops in various areas of the state. Six of these workshops have already been conducted and were very successful. They are designed to train local leadership whereby they may do a more effective job in their communities.

Two more workshops are scheduled; one will be held in Jackson on April 1st and the other in West Point on April 8th. The Jackson meeting will be held at the Central Methodist Church, 500 N. Farish Street; the West Point meeting will be at Holmes Junior College. Registration will begin at 9:00 a.m., with adjournment scheduled around 5:00 p.m.

As President of the Mississippi AFL-CIO, I would like to extend to you a cordial invitation to attend one of these workshops.

Sincerely and Fraternaly

Claude Ramsay
