May 2, 1967

Dear Friends:

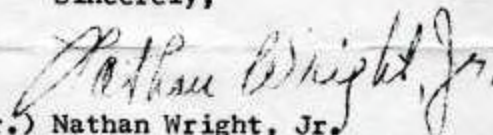

The National Conference on Black Power will be a three and one half day work session for young and older black Americans to think through and plan for programs designed to give authentic power to black people. This will benefit our nation as a whole and our entire world.

The conference registration fee includes all meals and several coffee hours each day. In this light, the fee is minimal.

Students who register may send as little as \$5.00 for deposit. Please register immediately. Facsimile forms may be used for registration. More flyers may be sent upon request.

We hope that you will be well represented at the July 20-23 conference.

Sincerely,

(Dr.) Nathan Wright, Jr.
Chairman
Conference Committee
