Mr. Amzie Moore
614 Chrisman Ave.
Cleveland, Mississippi

Dear Mr. Moore:

The Southern Rural Research Project summer program to investigate discrimination in Federal Programs by Southern Federal employees will begin on Sunday, June 18, 1967 at 10:00 a.m. at Mt. Beulah, Edwards, Mississippi. At that time the programs (as they are and as they should be) will be discussed, followed by a workshop for the students.

This summer many students and workers will go to counties in four Southern states including Mississippi to obtain the information about the Agriculture programs and others for lawsuits afterwards. Also, this information can be used for county organization work.

If you are interested, we hope you could attend or contact us of your interest.

Sincerely,

Donald A. Jelinek
