Dear Amzie

This letter came to me from a person in Marks whom I do not know; but she may have met me while we were there, and probably got my address from someone.

It appears that there is considerable need in Marks. Operation Freedom could give aid if there were a focus - a committee there. We wonder if you have been able to do anything yet regarding getting a committee set up in Marks.

Enjoyed the visit with you. Dan got an orientation to the Delta. Best wishes to you for the holiday season.

Sincerely yours

*Ernest B.*
