

To SNCC STAFF
and
Associates

on Stokely Carmichael.

By unanimous vote of the Central Committee meeting in Queens,
New York the last week of July__

Stokely Carmichael's relationship to the organization was terminated
for the following reasons;

- 1.) Failure to keep SNCC informed around his projects, activities, trips, and Washington D. C. operations;
- 2.) Failure to volunteer information concerning his personal life where it had an obvious effect on the political direction of SNCC;
- 3.) Engaging in a power struggle both within and outside of SNCC with another organization member (Forman) which during the week of July 22nd in New York City almost resulted in physical harm to SNCC personnel and threatened the existence of the organization.
