Mrs. Thelma Sanders Arrested

Jackson Police Arrest Protesters On Federal Property

Jackson, Miss. — Reaching beyond jurisdictional limitations, Jackson Police today arrested four civil rights demonstrators on the steps of the Federal Building. The young men, all members of the Jackson Non-Violent Movement, a local organization affiliated with CONR in SNCC, were peacefully exercising their right to picket on property of the United States Government. The Jackson detachment had earlier confirmed that the Federal Government has exclusive jurisdiction over the property. Jackson police may arrest only those persons who are committed to violence as ‘riotous persons’ or to serve as witnesses in a state-criminal case.

The demonstrators were protesting the recent conviction of two young Negro men on contempt of court charges for picketing outside of the Jackson Federal Building. The charges were filed by a Mississippi County, and attempts by the state to take over J. P. Camp- bell College which was seized during the past year for its discriminatory employment practices of the city’s hospital. On the campus it is 90% white and 10% Negro, and it is said that 50% of the Negroes have been arrested for picketing.

About 150 people were arrested. Jackson Civil Rights workers moved onto Federal property and told the demonstrators to protest to the court. When the demonstrators refused to comply, they were arrested and thrown into a waiting van. One of the men held his automobile keys while he was arrested.

Mr. Sanders released that he had no knowledge of the amount of the fine and that she was under arrest.

Sovereignty Commission PR Chief Asks For Racial Cooperation

Only Way To Keep Segregation In Schools, Johnston

Granada - (UPI) - Edgar Johnston, Jr., public relations advisor to the Sovereignty Commission, said Friday night Mississippi's only hope for keeping segregation in the courts is for those who say extremists on both sides are preventing that cooperation.

"We already have many actual, the colored school teachers, bus drivers and other employers who want to preserve their employment. We can earn the cooperation of the citizens, with consideration and recognition and an honest attempt to provide colored there is some question as to which they are entitled."

Johnston, who edits the Scott County (weekly) Times in Forest, addressedustrialists at a presentation at the Interracial Council of Mississippi, and did well in America. They were all holy people and they had a lot of pride and they were glad to do this job - not knowing what the reaction would be.

The white community, as a whole accepted this in a com-pelling spirit. This certainly is the progress. The presence of Negroes in the white community, the first time in the history of the state's history, means a lot. They can not be ignored. The Negroes can not be ignored.

The progress has been established that television stations could serve their territories in Negro candidates arbitrarily.

Now this is encouraging but it will not mean much to us unless we get ready to vote and then vote. Our candidates are on the ballot for us in all 87 counties. We must insist that all registers are removed and all registration of color.

We can no longer wait in the matter of voting right. This is a must. Without the ballot you can not do anything. There will be no possible way to get the ballot in our hands will be resolved. At some point these white people will be going to be convinced that they will do what is right and they will do what is right.

since books serve different curricular needs, it has also had the effect of liberalizing the library services of the schools.

Only those departments or directors of the colleges which participate in teacher education will be directly aided, with their staff work of ordering and other administrative work will be performed by the regular library staff over a three-year period. Each department has assured the Foundation that they will contribute to the maintenance of their institutions, if the information is current, that the documents in the collection are current, and that the documents of the collection are current.

Some of the documents of the collection are current, and that the documents of the collection are current.

Dr. Weaver—

Protests Use Of Dogs By Police

Cincinnati — The National Association for the Advancement of Colored People is conducting further investigations into the use by police of trained dogs in an attempt to prevent violence, said W. E. Burroughs, president of the local NAACP branch.

Eight persons, one of whom was to be hospitalized, were tear gassed and bitten by the dogs during a Negro neighborhood street riot on the morning of May 13th. A police officer has been shot and killed and others have been injured.

Other police were summoned and chaped through the crowd, and the dog was unleashed to roam through the streets. A Negro neighborhood street riot on the morning of May 14th. A police officer was shot and killed and others have been injured.

NAACP officials are calling on the police and on the federal government to take action to prevent further outbreaks of violence, but no action has been taken by any one of the dogs.

NAACP official investigations have been made on the part of the crowd. Dog as unleashed to roam through the streets.
 statewide and the nation.

Several hundred Mississippians joined a rally on the National Press Club plaza in Washington, D.C., to call for an end to the war in Vietnam. The rally was organized by the Mississippi Peace Action Committee, a group of young people and peace activists who have been working to end the war for several months.

The rally featured speeches by various speakers, including a 16-year-old high school student who had just returned from a trip to Vietnam. The student described the conditions that he witnessed firsthand and expressed his belief that the war could be ended with a peaceful resolution.

The rally was attended by a diverse group of people, including students, teachers, religious leaders, and members of the business community. The organizers hoped that the rally would help to increase awareness of the war and encourage more people to become involved in the effort to end it.

As the rally came to a close, the crowd chanted "No more war!" and "Peace now!" The organizers were hopeful that the rally would be just the beginning of a broader movement for peace in Mississippi and around the country. They encouraged everyone to continue to work towards a world without war.
Southern Demonstrators Helped By Northern Sympathizers; Stock Exchanges Boycott

Huntsville, Alabama—Local all-black demonstrators have been heartened by reports of support among sympathizers in the North.

The Rev. Erskine Bell, chairman of the Committee of Requests, received word that Comptroller Bucklin, New York’s Stock Exchange and the Midwest Stock Exchange in Chicago have agreed to a boycott of stock exchanges.

MEMBERS of Mr. Bell’s organization have formed a committee to demonstrate against segregation since January. They have been arrested and jailed on numerous occasions. At one time, 177 demonstrators were jailed.

The Northern sympathizers urge persons entering the stock exchanges not to invest money in Huntsville enterprises. Mrs. Myrtle Love is chairman of a special committee formed in Chicago to boycott all stock exchanges in Huntsville.

The object of the Northern pickets is to prevent the spread of confiscated businesses. In Huntsville, the mayor has threatened to arrest any person on the picket lines.

The pickets give potential investors a chance to avoid investing their money in Huntsville businesses.
