A. M. ...*

I just returned to Detr it to find your letter about the advisability of filing a brief amicus curiae in a probate proceeding in Ingham County Circuit Court concerning a Will contest wherein a testator devised certain property in Detroit for the development of a play ground for white children only.

I certainly think this is proper for us and wish that you would start on the draft of the brief at once. I am assigning Kermit G. Bailer to assist you and he will be contacting you.

I am also asking the office in New York to approve our intervention and in the event they do to mail you direct any law they might have on the subject.

cc: Thurgood Marshall
