WELCOME TO CORE!

The constitution of C.O.R.E. has been set up so that each new member becomes well-acquainted with the philosophy and practices of CORE before becoming a full-fledged member with the power to vote on policy decisions.

Each person joining participates in the activities of the organization for two months, during which time you must attend one orientation meeting and become active on at least one committee.

At the end of the two months probationary period, if all requirements have been met, you are voted into CORE.

The orientation meetings are held at the CORE office the first Sunday of every month at 2:00 pm and the third Tuesday at 8:00 pm. Please arrange to attend one of these meetings as soon as possible -- it is your responsibility as part of CORE to contribute a portion of your time, REGULARLY, to the work necessary to support our direct actions against segregation -- and to do this, you must become familiar with the group and its committees and their functions.

Sincerely,

James Dennis
