

August 28

Dear Alicia,

Everything is done! I have paid all the bills for packing and shipping, which were big. Vic has an itemized account so I didn't bother to keep one. It was roughly, 20.00 for boxes, 115.00 to 120.00 for postage and shipment through railway express (dollars that is) and maybe 20.00 for miscellaneous stuff like string and tape. It was an enormous shipment of books and I called Atlanta to check on whether they really wanted it and they did. The only thing which has not been paid is our phone bill which will also be big. There are 3 calls to Washington (Theresa) and 1 call to Atlanta and 2 calls to Fort Atkinson. We haven't gotten it yet but when we do I will send it to you and you can pay me back O.K.

The packing was done on two weekends and most of it was sent through Glen Turner's library. Thank god. The only other emergency was a telegram campaign to Kastenmeier in support of the Freedom Party. Hence the 3 phone calls to Theresa to find out what it was that she really wanted. She is only a little disorganized. I've enclosed 3 receipts for contributions we have. There is ~~25~~ 23.00 left in the account. That is not bad considering our expenses and the fact that at one point the ~~amount~~ amount was down to 3.50. I thought you would have a heart attack over that so I rustled up some more.

Two things seem to be of first importance. One is the setting up of the book booth in Browns. I haven't talked to them about it. The other is that a lot of people have asked about a clothing drive because of the change of seasons. Perhaps you should call Jackson or Greenwood and ask if they do need clothes. This is a good time because people switch all their clothes around. Chester has a few boxes stored at the World Affairs Center now.

I have left a girl named Kathy Wood in charge here in case of emergency. She was Jan's roommate. Her number is AL 7-1771 and she lives on Hawthorn Court. I've given her your name and number, my mother's number, and the number of the National office. I don't think anything will happen in the next week but you never can tell. Steve will be back definitely on the 8th. And Brad is here of course.

We leave Monday so I have to pack this weekend. Talk to a man named Don Stewart when you get back. He is organizing an Adopt a Freedom worker movement among the faculty. He was in Mississippi during the state convention of the Freedom Party. He is on the faculty in the computer lab in the social sciences building.

My address after Mon. is 61 Arbour Glen. I'll keep in touch. I feel like I have forgotten something but if I remember I will let you know.

Love,  
Gretchen

P.S. No other link from Steve

Please send pictures back to me as soon  
as you get duplicates
