Dear Alicia,

I promised you this order blank some time ago, but you know how academic time disappears. The order number is NET-2500. The full title is "The Negro and the American promise." Everyone who saw it was impressed and I think your audiences would appreciate it. James Baldwin has some particularly pertinent things to say about SNCC.

We're hoping to form a core of girls here who are prepared to work actively in civil rights. When we are a little closer to our goal we would appreciate an opportunity to talk to you about cooperative efforts.

Sincerely yours,

McEsther, OP
