Dear Abina,

Saw your message in the Daily Cardinal on Thursday before vacation and was unable to reach you. I also talked to Hank & Judy Warner about summer projects. SWCC has written of the summer D.C. plans and that they were not presently actively recruiting, yet I am determined to spend this summer working in the Movement.

Would like to talk to you when you return to Madison about the Arkansas project. Will explain my background and commitment when I see you. Just write so that if you were contacting SWCC you could mention that you had interested parties.

If any news please write.

Sincerely,

Collin Minert
