615 Howard Place
Madison, Wisconsin

Dear Alicia:

I do not want to let your appearance, together with your fellow students, before the Board of Regents last Friday become a matter of history without telling you how deeply impressed I was with the intelligent and forthright presentation which you made and with your comments in connection with the discussion that followed and the questions that were asked.

I have a renewed faith that, if you and the others represent the type of student that we have here on our campus and the type of graduate that will be taking his place in the world upon graduation from our institution, the future of America is secure and safe.

It was a pleasure meeting you and I hope that our paths will cross again. If at any time there are matters which you would like to discuss with me, you may be assured that I will make myself available for this purpose.

Sincerely yours,

MAURICE B. PASCH
