

PLEA of a RIOT VICTIM NEGRO

A CHANCE for NEGROES — who are more fortunate than the ones they left on the South and East sides of town. Don't be ashamed, help us to accomplish better living.

COMMUNITY MERCHANTS — Please do not raise your prices on payday and drain us of funds needed for other essentials.

CHURCHES — Help us with our family contributions; help us distribute these funds in channels that will be beneficial to the community.

CITY, COUNTY, STATE and FEDERAL OFFICIALS - Ask a victim of poverty about poverty - One who knows.

MR. PARKER — Please check the conduct of your officers stationed in minority group areas.

MR. PARKER — Could we please file complaints with some organization other than an auxiliary of the Los Angeles Police Department?

NO GRIEVANCES — With white citizens. We solicit your support to achieve the right and respects of all citizens.

THANK YOU.

*This is the first in a series of pleas of a RIOT VICTIM NEGRO
However, WE do not call this a riot, but a rebellion.*
