Dear Friend of Freedom,

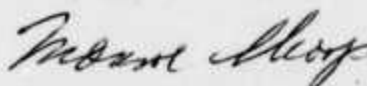

It has again become necessary for us to write to our friends asking for help. The severe financial crisis that all but swamped SNCC has been stemmed but an ongoing source of income must be established to prevent this from ever happening again.

Because you have been one of SNCC's closest supporters, we are asking you to make a small monthly pledge...\$3.00, \$5.00, \$10.00 or whatever your budget will allow. You will be sent a reminder with a return envelope on the first of each month, so that you can send your donation at your convenience.

If you would like details of our current projects both here and in the South, just advise the office and I will be most happy to arrange a visit with you in your home whenever you desire.

We sincerely hope that you enjoyed the first issue of SNCC Notes and Comment and hope to hear from you soon.

Peace and Freedom,

Monroe Sharp,
Director
