Dear Tom,

I have just placed your name on the mailing list for Peace and Freedom News and I am sending you a few leaflets which may be of interest to you. Also ~~enclued~~ is a list of some of the literature available from the NCC. Let me know what sort of stuff you would be most interested in receiving.

Now--some questions for you! I am recently come to Madison from work with SNCC in Arkansas for the past year or so. I don't remember if I met you in Nashville or not (~~were~~ you there?), but I was around some of the discussions about setting up a white folks project in Tenn., and spoke with Jack at greater length about it when he was at the NCC session at Antioch in June. I am really interested in what is going on, and also how many people and who is working on it. Please let me know. Are there are only folks from the Alabama staff? or other states? anybody from Arkansas SNCC?

Also, this is rather short notice, but there is going to be a meeting held in Pittsburgh on July 30-31 of local peace activists, from groups doing actual organizing work and who have ~~constituencies~~ (in other words, not just the big-time peace leders or theoreticians) to get together and talk about what kinds of national program and national coordination they thought would best service them. Also to talk about a national action possibly in Oct, beofre the elections. If anybody from there could come, let us know. Probably there will be somebody coming from Nashville, from The Nashville Committee and also from SSOC.

Please don't hesitate to contact us for any literature, requests for infromation, etc. And please let me hear what's happening.

freedom,
