The Trustees of our National Foundation met last Saturday in Chicago at Mr. Bill Robinson's office, to strengthen the corporate structure of the Foundation and its finances. In the meantime, with the temporary demise of Title IV ("Federal Freedom of Residence Bill"), we need your reports and instructions, looking to the next twelve-month period for the program in Illinois.

**Affirmatizing** - - Are you circulating the FREEDOM OF RESIDENCE MANUAL and obtaining advertisements for the Supplements from all business firms, labor, civic, church, and civil rights groups?

**Socializing** - - Are you encouraging the growth of FREEDOM FIRESIDE FORUMS on a continuous basis in every neighborhood in Illinois and circulating the sticker, "Equal Opportunity Neighborhood"?

**Legalizing** - - Are you working for the passage of positive municipal and county ordinances prohibiting equal opportunity-defeating practices and assisting in court suits that will define more clearly the responsibilities of public officials in assuring equal opportunity to life and property?

**Factualizing** - - Are you circulating the "Equal Opportunity Progress Report Forms" and holding conferences that will educate people in the costs of segregation practices and the value of integration? Please plan to come to the October 12th Conference in Springfield.

**Dramatizing** - - Are you performing in "Equal Opportunity Housing Tours", cooperative-buying ventures, in interracial picnics and hikes, and in hundreds of other imaginative ways in your daily lives to advance the freedom and unity of all mankind. Can you pull off a country-wide Interracial Fellowship Picnic like our successful state-wide picnic in York Center on September 4th,

Please act and write us.
