CAMPUS-WIDE FAST FOR FREEDOM SLATED FOR NOVEMBER 19 WITH N.S.A., 48 Colleges

The MFP - S, in conjunction with NSA, is sponsoring a Thanksgiving Fast for Freedom, Thursday November 19.

Proceeds from the project will go to supply food staples for impoverished Mississippi Negro families.

Students are asked to forego the evening meal on November 19 and are encouraged to attend instead an informal presentation on Mississippi and on the meaning of a fast and on individual commitment to Freedom. Time and place of the meeting will be announced later.

The University Food Service has agreed to contribute the money ~~and on~~ ^{and on} each meal to a common fund which NSA will use to purchase food. The International Brotherhood of Teamsters has agreed to ship the food to Mississippi, where it will be distributed by COFO, free or charge.

Last year the Thanksgiving Fast for Freedom raised \$10,250 across 42 colleges and sent over 80,000 pounds of food to Mississippi. This year, to date, over 48 colleges and universities are already pledged to participate in the program.

The program has drawn support from every major civil rights organization in the nation and from other interested groups, including the National Council of Churches, B'nai Brith Hillel Foundation, the National Federation of Catholic College Students, The Nation Student Christian Federation, Newman Club, the Americans for Democratic Action, and Students for a Democratic Society.

MFP - S Chairman Judy Walborn made the following statement in support of the fast:

"The need for food and clothing during the long, cold winter months of agricultural unemployment in Mississippi is enormous. If sufficient help is not supplied through efforts such as the Thanksgiving Fast for Freedom, thousands of children and adults will suffer from malnutrition bordering on starvation. Their hollow eyes, distended bellies, and sore-infested skin will be evidence once again of the needless waste of human life that goes on day in and day out in Mississippi."

"Our participation in the Thanksgiving Fast for Freedom should mean more, however, than a minor re-distribution of our abundance to the disinherited people of Mississippi. It is a symbol of our commitment to human freedom — freedom for the Negro minority whose bodies are in bondage to hunger, and freedom for the white majority whose minds are in bondage to bigotry. To symbolically participate in the poverty of Mississippi Negro families is a meaningless gesture unless it also affirms our larger commitment to accept responsibility for the evil that exists in Mississippi and elsewhere across the nation."

Students wishing to participate in the Fast for Freedom should sign up either in their living units or in the Inner Quad, this week.

The Fast for Freedom presentation will be held from 6 - 7:30, on Nov. 19. The program will include informal talks by Professor Robert M. Brown, Larry Spears, and Margaret Rose; tape recordings made in Mississippi this summer by Luke Kabat, and freedom songs.

MFP - S meets regularly on Monday afternoons at 4:15 p.m. in Treseidder.
THE NEXT SCHEDULED MEETING IS MONDAY, NOVEMBER 23. If it is impossible for you to ever attend these meetings because of conflicts with classes, please let us know (either write Box 2484 or call the secretary). If a significant number of people cannot attend these meetings, we will change the day.

\$1,800 COLLECTED TO SUPPORT MISSISSIPPI FREEDOM PROJECT FOLLOWING SWEENEY ARREST

Dennis Sweeney's arrest in McComb Friday, Oct. 23, triggered a spontaneous fund-raising drive which netted \$1,800 for MFP-S.

Of this amount, \$1,300 has been sent to the COFO office in Jackson for ~~use~~ at its discretion, while \$500 has been placed in a special bail fund with Western Union for use by Stanford students involved in civil rights activities in Mississippi and other areas of the South.

A MFP-S group is currently studying ways of establishing a large bail fund.

PROGRESS AT STANFORD: Nearly 100 people have attended MFP-S organizational meetings at Bowman...every campus living unit was covered by returned volunteers in a series of informal, after-dinner talks last month...Copies of The Daily's special supplement on Mississippi edited by Nancy Steffen, have been sent to San Jose State, UC-Berkeley, high school students in Castro Valley --- and to Mississippi, of course....

AND IN MISSISSIPPI: Frank Morse, Mitch Miller, Doug Sorensen, and Dave Harris spent one week working for the Freedom Democratic Party in Jackson, Columbus, and Marks, then held separate conferences for the press and campus upon their return to Stanford...Merli Schenck spent 10 days in the state, mostly in McComb...Dean Jamieson worked four days in Folly Springs immediately prior to the election....

Ron Kaufman is doing fine in Columbus, where he has been commuting 70 miles to do voter registration in Tupelo since mid-October. He expects to return to campus Nov. 15....Dennis Sweeney reports relative calm in McComb since the wave of arrests Oct. 23-26. He faces trial on charges of "trespassing on public property" Nov. 16. An earlier conviction on "food-handling without a permit" is being appealed. In the next few weeks, the McComb project may expand its operations into surrounding rural areas.

QUESTIONS AND ANSWERS ON THE CURRENT SITUATION IN MISSISSIPPI
