

WAR RESISTERS LEAGUE  
5 Beekman Street  
New York, N.Y. 10038

The following is a list of publications which are part of the UNDERGROUND PRESS SYNDICATE. These are community papers with a radical orientation. If you live anywhere near one of these papers you may want to write and ask their rate for running a classified ad in which you could state briefly, creatively, lovingly, your reasons for refusing to support Johnson's war in Vietnam or, for that matter, anybody's war anywhere. If a number of "personals" appear in these publications from real live human beings who are willing to give their names and state they're not going to go marching, it may have a kind of electric effect on the people who are reading the personals' columns. A lot of guys right now feel they are completely alone if they take the CO position or if they burn up their draft card or if in some other way they break with the military system. Not all of these papers take classified but the ad rates in all of them are fairly low. In addition to this list the VILLAGE VOICE should be listed, having the largest circulation of any radical community paper, though it is not part of the UNDERGROUND PRESS SYNDICATE. Its address is Sheridan Square, New York, N.Y. 10014. Their rates for classified ads are not so cheap but one gets an excellent response from running an ad there.

Even if you don't decide to take an ad it might be good to find out what's going on and get hold of one of these papers if you have not already seen one.
