

Jackson, Miss.: 11: 00 am Nancy to Mike Sayer

this afternoon at 8: 45:00pm Rev. Fred Shuttlesworth, Pres. of Alabama Christian Mov't for Human Rights and Rev. Edwin King, running for Lieutenant Gov. in Freedom Ballot and general election write-in campaign will hold a press conference at NAACP office in Jackson; 107 1/2 Lynch St. (948-0690)

at 7:30 pm tonight both will speak at the New Hope Baptist Church in Jackson.

DINKY: please call Friends groups and ask them to push the wire services on the two meetings. Tell them to be sure and have the wire services cover the meetings.

also, re Boston, the Boston papers should cover the meetings and the whole campaign. One good angle for them would be that Bob Moses is ~~high~~ campaign manager- Bob got his MA in philosophy at Harvard and also, Mike Sayer was undergrad. at Harvard. Gail Selar might be able to handle Boston papers (Otr. Boston Friends) since she works for B. Herald)

JULIAN AND MARY: if Dinky can't get Boston papers thru Gail, perhaps you can call them- or perhaps both. (also hit Mary. Crimson re Moses) On other cities, use Dona Richards is possible angle for Chicago because she is Negro and went to U. of Chicago. You can also use her for NY papers since she's from NYC. She is heading the Hinds County campaign.

Sayer wants to know who has been contacted of your special press list and whether they feel campaign urgent, etc. He thinks they should. He asked specifically about C. Sitton, Fred Fowledge, Wallace Terry, Anna Hedgeman or other NCC person, Ray Coffee, Ted Poston, Robert Gruenberg, Stanley Scott.

~~Mike~~ Sayer will be in contact with UPI audie and RFI audie, KEFO (S. France) and WLIE (NY) tomorrow by beebers and blurbs in connection with today's meetings and general info.

messages for field:

1. if Laural can arrange two speaking engagements (28th and 30th) it's fine and Henry will speak at only one of two- he may have to speak in Gulfport on 28th

2. for Guyot in Hattiesburg; Jesse Harris is in Jackson and will probably have to be in Vicksburg
