

JACKSON from MIKE SAYER 11/6/63 Wed. taken by mary

The totals now on hand: (200 communities)

78,388 including the 5300

~~53,000 plus approximately 5,300 not tallied yet~~

296	Johnson - polled well with Philips in Quitman Co.	
301	Gardin	regular candidates got:
290	Philips	1,200 votes as individual candidates
401	Morris	about 325 average xxxx as ticket
72,869	Henry	
72,532	King	

working on suit based on Reconstruction statute to challenge legitimacy of regular balloting because of denial. try to show that had people voted the outcome would be different. try to show that had there not been harrassment might have had more votes than any other candidate for Henry. harrassment stopped him from polling as many votes. want to show that neither Philips nor Johnson had to right to be eleceted Governor. Ques: how sue Johnson and bring Philips into it. Bill Higgs doing alot of work on it.
