Pine Bluff: Hansen

have received two replies to telegrams they sent to congressmen re Helena arrests- from McEllellan and Fulbright- neither particularly helpful.

Helena: Willie C.

Trying to pass out leaflets which say Don't Buy Segregation for selective buying campaign. The cops came round to office and threatened to arrest those passing out leaflets. Problem is that at least two of the guys are on peace bonds and don't want to go out. John Doar said that it was OK to pass out leaflets yesterday, but he doesn't know anything about the threats of arrest. (Doar now in Louisiana).
