Mr. Louis Allen, one of key witnesses in Herbert Lee trial was killed last night in Liberty, Mississippi.

He was shot in the face with buckshot some time last night in or around Liberty by person or persons unknown. Dr. Henry first called with the story from Clarksdale. Charlie Cobb then checked with Mrs. Tobias, Eiberty, - she was coming back from a meeting and saw a truck parked in Allen's yard. She doesn't know if Allen was killed ~~by~~ by persons ~~driving~~ driving truck.

Aaron Henry has asked that the following be ~~done~~ done. (414)

1. Mr. Allen has a brother named Morris Allen, Milwaukee (LO 2-4999)- Morris Allen believes there will be a burial tomorrow- he wants the burial stopped so they can investigate.

Louis Allen lived on Route 5, Liberty

~~McE...~~ Jackson office will get in touch with the Allen family in Miss. to see if the burial can be stopped.

we should call Morris Allen to see when he'll be coming to Miss. Find out what he means by investigating.

(Julian should have background info on Louis Allen- being beaten last year- asking for protection by JD to testify in Herbert Lee case- JD refusing--his life has been in danger since '61 when Lee killed-- we should push JD on this)--
