1:50P /Greenwood: Ju ly 2, Atlanta. INTEGRATION PROGRESS IN ALBANY GEORGIA: Groups of SNCC workers integrated the following restaurants, theaters, etc., immediately after President Johnson signed the civil rights bill. All persons were served without difficulty. The following public facilities were integrated in Albany: Howard Johnsons, Holiday Inn, Krystals, Toddle House, New Albany Hotel, Two Davis Brothers Restaurants, James Rivers Motel, Garanno's Restaurant. Thomasville, Americus: The following facilities in Thomasville were integrated: Plaza Grill, Rose Theater, and (?) a drivin. In Americus, the Martin Martin theater.

Americus: 10:30 pm, July 3, SNCC WORKERS ATTACKED IN AMERICUS, AFTER PEACEFULLY INTEGRATING RESTAURANT. John Perdue, white, Robert Mantz, Negro, Willie Ricks, Negro, Sammy Mahone, Negro, Gran Wiggins, Negro, Robert Sims, Negro, and another unidentified person. After the seven SNCC workers successfully integrated Hasty House in Americus, Ga., about 9:00 pm, a group of 25 whites attacked them, outside the restaurant, as they were leaving. Five of the workers got into the car, leaving Perdue and Sims at the restaurant. The driver panicked, and left both of them there. Perdue was in front of the restaurant; Sims had gone to the restaurant room. Sims has not been heard of since the incident. Perdue was alternately chased and beaten, as he fled the restaurant, in full view of the police. His glasses were broken. At one point, he was lying in the middle of the highway. He finally persuaded the police, to take him to the police station for protection. The cops casually talked to the mobsters, and told them to stop beating him. Meanwhile, Ricks and the rest in the car, went back to the restaurant, to get Perdue and missed him, because he was being chased. They went to the police station, and he hadn't arrived. They returned to the restaurant. When they got to the police station for the second time, all twenty five men, who had been beating Perdue were standing in front of the police station. The whites threatened the workers. Ricks tried to get into the station, to get Perdue, and was told to, "get the hell away from here." Perdue finally got to make a call, and sent someone to pick him up. He others went back to the office. (In the police station, Perdue had asked a policeman if he could use a restroom, to wash the blood from his face. The cop said, "Don't get any of your damn blood on this sink.") The police have names of all the white attackers, and watched most of what happened.
Greenwood, continued. CONFIDENTIAL: The decision to release the following will come out of Jackson. The subject is on an resident visa, and his embassy does not know his whereabouts. John Robin Greer, a SNCC summer volunteer, and a British subject, with a visitor's visa, was attacked twenty yards from the entrance to the SNCC orientation office in Memphis by three Negroes. The attempt was apparently to rob the boy, because of the nature of the attack. There was an attempt to take his money and wrist watch. John Robin Greer, a SNCC summer volunteer, and a British subject, with a visitor's visa, was attacked twenty yards from the entrance to the SNCC orientation office in Memphis by three Negroes. The attempt was apparently to rob the boy, because of the nature of the attack. There was an attempt to take his money and wrist watch. (Don't know if successful)

A minister connected with the SNCC orientation tried to take him to a Negro hospital, upon the advice of Eric Weinberger, SNCC staff worker. The police, however, took Greer to the John Gaston Hospital because this hospital has emergency facilities. This happened between 12:30 and 1:30, closer to 1:30 am. Condition not critical. Apparently he still plans to go ahead with the project, apparently he won't be able to work on it.

Gotten from Memphis through Stu House, from Elaine Weinberger.

Atlanta: 6:25 am: from Judy Richardson in Greenwood. Tifton, Ga. Similar scene John Putnam, a local Negro, went to drive in restaurant, counter man motioned him from side window to the front. After getting order, a white man and a group of motorcyclists beat him. Geo. Best and John Washington, SNCC workers, came to help him. The cop told them Putnam could not take out a warrant, unless he knew the assailants' name, and the cop was not about to give it.

In another part of Tifton, a group of several hundred whites gathered, when a Negro placed an order at an eating establishment. (Don Harris says he thinks this pattern will be repeated over and over. Negroes will be served, but mobs will get them afterward.)

Clarksdale: 6:35 a.m. A person to person call came in from Clarksdale for Cortland Cox. Called back minute later, on staff phone, paid call. Said, Tell Geo. Raymond and Preston Ponder that he is leaving Clarksdale now for Meridian and to meet him there.

Hit and runs are planned. Doc Henry is adamant about carrying out plans. Courthouse will be closed Monday on Monday, as well as today. Will be canvassing today numbers of people going to courthouse has been decreasing. The Rose Seed Co. called its workers together, and a Mr. Bernstein, manager told them he was going to lose their jobs, because he says, he has a large contract with the head of the citizens council, and "he wasn't going to lose thousands of dollars for one of them." Info from Rev. Bayas, who heard it from one of the workers. Affidavit unlikely. Company is big, 50 or 60 employees.

REPORT ON CARTHAGE TRIP

Bud McCord and Menlo Samstein 3:30 p.m. July 4.

We went to Cartlage last night and found a very high degree of excitement in the community about the freedom school, which opened July 2 and has 50 students registered. 20 more expected to enroll later.

Samahan had been denied access to the former Negro high school which was at one time owned by a community board of trustees (and has since been expropriated by the public school system without payment). Upwards of 75 people have spent 2-3 days scrubbing the school and building a library in the old structure.

On Wednesday, when the school opened, the local residents were met by the sheriff and the local superintendent of schools (for the county). The residents were told they could not use the old high school facility. A no trespassing sign was posted.

The superintendent last Tuesday suddenly called for a summer session on for Negro high schools in the county. This was clearly an attempt to prevent students from attending the freedom schools. The summer session would be only for Negroes...and would be the first of its kinds in the memory of local residents.

Incidents of harassment:

1. a cross was burned Thursday night on the main road through the community (in the Negro community)

2. five to six pounds of large size tacks were poured on roads throughout the Negro community last night.

3. police patrols have come up and down, shining lights in the windows of Negro homes.

Nonetheless, morale of the Negro community remains extremely high. the community has determined that the freedom school will continue throughout the summer, even if this means ignoring refusals to attend the summer session. Those who do not attend the county session have been warned that they would be set back in school.

As its leaders of the Negro community vowed that they would not be turned back at this point. They are more determined than ever to make the program a success.
