below is quote from Greenwood records. Being checked out.
Greenwood: This morning before 11 in Marquet just south of Oxford 2 W. As Ivan passed them, and pulled into lane in front of them, they shot both barrels of the shot gun at the car. He had already moved ahead and back into lane. They punctured his tires and he drove on it for about 20 minutes. Slow leak on tire and he was able to shake them.

Does-not-see White late model car with 2 whites in it circled the car very slowly today. License had 'governors staff' on it. Number 501-046. Came from Carl Young at 3:05 as quoted from Greenwood.

Trials are still in process in Greenwood city court. Had been told were called off by Judge Clayton's Clerk; but then hears till going on. People are being convicted of violation of picketing law. Sentence of 30 days and 100 fine. Defendants are standing mute on basis that have not had right of private legal counsel but are being convicted anyway. The lawyers are supposedly on their way from Oxford -- Had gone there to file petition for removal. Had to correct an "error."

McComb: 5:00 - want off and forgot me!

Batesville: 5:15 The Sheriff was ~~down~~ taking pictures of the office. The minister took pictures of the Sheriff taking pictures. Was a small minox camera. The Sheriff wants the film from the camera. Worth antagonizing the Sheriff? He did actually arrest some whites once.

Greenwood: Whats to know if someone on policy can make a state ment about the illegality of what wen ton today! Trial started at 1:00

As of this morning the lawyers were supposed to go to Oxford to get Judge Clayton to approve the amendment of the original petition. They were in Oxford. 12:15 heard would try at 1:00. In Greenwood were witing for the lawyers. Trial was to be in city court. When seemed that lawyers would not make it, called Jackson and explained. Could no do nothing cuz could reache nobody in Oxford.

Thought all the time that were under Federal custody and jurisdiction. Theoriginal petition was granted Friday; todaya was beingamended.

2:30 got a report from Larry Warren from Oxford that the Oxford officilascallin the Greenwood officials to stophe trial. The Distict Clerk at Clayton's office had talked to the city prosector in Greenwood. City District Clerk told the city proc. of Greenwood that the people were in Federal jurisdicion and the trial should be stopped. The city prosector said ok, according to Warren.

At 3:00 the cases were still going on. After tried tried the first gus court, found out that had all stood mute and that all had been convicted of unlawfully picketing, fined \$100 and sentenced to 30 days in jail.

No one was allowed into the trial. No witnesses. No law students, no parents. The kids told staff themselves as they were getting back into bus. Not one lawyer in Greenwood the entire day. Still under the impression that the lawyers were going to come and stop the whole operaiotns.

Can not get into couty jail or farm to see anybody now. Were told b the sheriff, duputy - 2-3 on Wednesdays the visiting hours at jail; are none at Farm. As far as can tell the people at the farm are held in non comunicado. ~~The-lawyers~~ The lawyers were at the fram Friday night. They mght have gone in Sat. Greenw. does not know. Terri: Peter Werner got continuance until Thurs. NEEDS A LAWYER RIGHT AWAY.

At same trial Belieu paid \$31.00 for traffic ticket. Assailant is Houston Hartfield, 48. Judge pro tempore Frank Montague Jr. heard testimony and took it under advisement and will hand down decision Thurs. on beating. City prosecutor, Hoard L. Patterson Peter Werner defended by Karl W. Bepper, another city attorney. Prime example of Southern demagoguery according to Terri. Testified: LeRoy McBride, city policeman. (for prosecution) Peter Werner. Susan Patterson testified. But she had put her ear to courtroom door beforehand. She was eyewitness. Her testimony was expunged. William D; Jones testified. Jones called people he worked with comrades. Attorney asked if he was member of communist party. (very funny....?) 2 witnesses for defense--Hartfield (who was drunk) and L.W. McSwain. Hartfield's story--Peter came by in mixed group. Peter attacked him. And then ran away. Giggling. Found Peter in front of drug store. Beat him up.

Courtroom was segregated. Although not court of record, Ben Gershwin asked that Terri be allowed to take notes. Granted. She did.

Policeman said he didn't see Peter being hit.

They sent pictures of Peter to Atlanta air express.

Cleveland: MacLaurin - (9:20) -Have a form requesting that the registrar give it back -- something going on in Indianola right now. The town wanted to tax the church which we wanted to use for a FS. Can you tax a church? Nobody in Jackson working on it. A legal opinion is that the church would ~~hav~~ not have to pay the tax. REASSURE THE MINISTER AD REASSURE HIM THAT HE DOES NOT HAVE TO PAY THE TAXES. Len and LCDC will take care of everything.

Tupelo: bon nuit.

McComb: 9:30 - Had 2 movies tonight. Had 110 subnets on the front lawn and a few adults.

Mendy was driving alone out by the intersection of highway 51, 98 and 44 (last 2 state). He stopped first at Texaco station where they see integrated cars going by each day. Two men in a car came up while he was in gas station. He looked ~~Ms~~ over and it was clear it might mean trouble. About 200 yards down the road he stopped at a red light and the guy calmly got out of his car, calmly walked over and swung at Mendy sitting in the car. Four times. Didn't say a word. He tried to get at the raider bet. the 2nd and 3rd swings. He hit Mendy on the side of the head. Not marked. He was a husky, strong guy. He finished and walked calmly back to his car where another man had been stinging through out the entire incident.

Mendy then went to the courthouse and filed an affidavit with the police. Told the Mayor too. He had 4 witness which he got at the red light. Car that beat-up in: 1960 white ford S65__, Pike county. The guy that did the swinging was about 40, in working clothes. The man in the car was elderly - straw hat. The feeling is they work in a nearby oil field. It has been reported to FBI and they have talked with Mendy. "I did not have time to say I was a VR worker."
