Seigel kkk turned and walked away, and the three drove on. They were in a light blue Gorvair with a white plate with red numberals 5425 (possibly a Mississippi plate). Larry geported the incident to the FBI/

Monday night a police/ told Prince Shannon, Negro, Helena, that whites don't allow Negroes in their neighborhoods, and he didn't see why Negroes should allow whites in theirs (meaning Seigel). He said that they could run the SNCC people out of town and the police wouldn't do anything about it, and said that if the SNCC's tried. to phone for help that he would see that their calls didn't get through.

Today was the trial of Guy Carter, the man who assaulted Prince Shannon and June Corbin on July 18 when they tried to get food at his service station. The courtroom was packed with Negroes and when the defense attorney said he wouldn't "perform for a circus", the Judge ordered that only those people who had seats could stay. Rekkk The trial was continued to next Wednesday at the request of the defense attorney.

Yesterday SNCC people were putting leaflets concerning the trial in mailboxes of Negro families and today the postmaster in W. Helena called them and kinkks said that it is against the law to deliver circulas. Joe Wright is to speak with him tomorrow, and they will check regulations for distribution of leaflets.

Madison:

James Peakock's condition is still critical though he has improved. He may be moved to the Veteran's Hospital.

GREENWOOD: 3:30 am (House/Grogan)

At 11:30 Hosie McCall KNXXXXXXX came to the Greenwood office and gave the following report of an incident to Judy Richardson:

McCall is a local negro. Twenty-five Negro guys, including McCall, were deterred by five carloads of whites, local police, and the Highway Pttrol, from the Cur Market where they were attempting to enter. They were followed, chased and shot at (warning shots were fired over their heads). They were dispersed. (They were all on foot).

At one point, there was an exchange of bottles between the two groups and one shot fired over their heads at that time. At another point they were told to halt and two shots were fired, one in the air, one closer to the ground. McCall managed to evade his pursuers, get to the SNCC office and make a full report of the incident.

There are no reported injuries, no reported arrests. All the Negroes involved were local people and none were SNCC affiliated.

The original plan which brought about the incident was an attempt to sit-in at Charmaigne Restaurant which never took place.
