

Jackson: 1:40 ABC Correspondent called from Meridian to dsay that the Meridian office had said they had been given orders not to say anything about the burial. FBI said at 1:00 that the thrid body had not been identified.

Meridian: 1:40 Funeral will be held for James Chaney tomorrow afternoon- prodirector Bob Gore had left office tonight saying don't say anything to press untill noon tomorrow- info about burial was gotten from Mrs. Chaney about 5:00 today. Bob is at 485-9132

Meridian: 1:50 Bob Gore is at the hotel - he has spent most of the past two days with Cheney family - they have been in contact with the FBI - discount story about no specifics on thrid body - pathologist who is medical examiner for NYC got into Javkson at 4:50 this afternoon- he was brought in because we don't have confidence in the State of Miss. idantification and what happened to the bodies. Mrs. Cheney has the release form- private interrment tommorrow. Meridian office is to say that there will be a memorial walk but nothing about the burial. In White America will be after the walk.

Jackson: 2:05 FBI has not issued statement - sounds as if just technically so that it can be released from Washington in the morning.

Jackson: 2:20 Lawyer Kassler (LCDC) just came in -- Ivanhoe is still in jail despite earlier report of Ruth Schein that he was out. Judge Wade set bail at 50 dollars but the jailer won't let him out. "No one is allowed out after 9:00 P.M. unless with authorization from the Sheriff, and sheriff cannot be reached after 2A.M." said jailer to lawyer.

Meridian: 3:00 - Staughton Lynd - Mer. staff will be awakened at 5 A2M? will distribute leaflets all day - at 6 people will be at 4 diffierent churches and will have aprocession from tjose churches to to First Union Church where there will be memorial service from 7 to 8 P.M.

Delegates arriving for convention will not march -however those that are there in time will join in service at church- will go in small groups to the church. FS Delegates will gather together in aud. of church. Foreman and Moses should know of whole plan. Many Ministers are here but not many lawyers, they should come with bail money.

Cast of theater project: Get to Mer. as soon as possibly, problems of setting up stage after service. Doubt if last part of play where Rita speaks would be appropriate.

Meridian con't. start with projects furtherest from Meridian-- messages for project: 1) WATS briefly indicate that delegates will be arriving in midst of large public demonstration-- security problems--will not be marching, will attend church if arrive in time, if possibly people should arrive before 3 in the afternoon. 2) if driving, consider possibility of coming in early Saturday morning-- but that applies only to projects fairly near Meridian, as don't want them arriving at all hours, but want everyone to arrive promptly to begin at 10:00 A.M. Saturday, but arriving early Saturday Saturday is preferable to 3:00 and dark tomorrow. 3) SHOULD NOT ARRIVE AFTER DARK, must let us know when and how people are arriving. This info should be called into the freedom school--482-1845- Everyone should be expecting to sleep on the floor, should bring sleeping bag etc. Teachers should not come, only one teacher with group of kids.

Doug Sorenson and ~~James~~ Jim Pete others are staying in Como at the house of Barney Webb. Coming into town about 10:30 this evening, we met a road block. Three hwy patrol cars, the dep sehriiff from Sardis, and one unidentified car was blocking. We were riding with Chris Williams and several Negro volunteers. We had just been to a rural picnic an Chris was droppig us off ~~in Crenshaw~~ <sup>at Como</sup> which is about twenty miles west. They gave us the usual, checked everything and tried to find something wrong with the car. They couldn't find anything wrong, so we went into to Como. We were followed into Como. We thought that we had lost the guy that was following us and we got out at Mr. Webb's house. But the guy that wa following us saw where we went Then that car left . After that the dep sheriff Scheeter and the local town marshall Robert Taylor and three unidentified white men pulled up in front of the house, came to the door and yelled to Barney to come out. Right now we are getting some rebel yeels frm about a block off ---- Mr Webb said that one of the white men asked him if he was housing a big fellow with dark curly hair. An the sheriff made a motion to indicate about 200 pounds -----Then he said the man we are looking for just shot someone down there-motioning toward the direction of the road block. About five minutes prior to this we heard about three shots followed by dogs barking. Almost immediately after we heard the shots a neighbor lady called up, said she had also heard the shots and wanted to know if we were home safely. We are less than a mile from the raad block. By the way, ~~at Crenshaw~~ at about once every five minutes we hear a loud shrieking sound. It could be human. Just after the sheriff left a green pickup drove by twice. They didn't rough us up when they checked the car.

Chris left about one hour and a half ago. It would take him about thirty minutes to get to Crenshaw. He was driving a 58 chevy black. <sup>12<sup>th</sup></sup> Hwy 360
